Re: Letter of referral / Mountain Woodworks

To whom it may concern,

Kevin Malone, owner of Mountain Woodworks built our home in Kamas, Utah in 1995. In our opinion, he was easy to work with, understanding to our needs and was greatly concerned with the quality of construction with cost value in mind. He also played a role in helping us stay within set budgets. We were very pleased with how our home turned out and have received many compliments on the workmanship and details in our home.

We highly recommend Kevin Malone and Mountain Woodworks to anyone who might be considering him in the construction of their home. If you would like to call us for more information, we would be happy to answer any questions that you might have.

Sincerely,

John & Stephanie Bjorkman
