To Whom It May Concern:

Harv Malone has proven his professional capabilities working with Magee Construction on one of our current projects in Woodland, UT. This single family residence, stable and hay barn consist of approximately 21000 square feet with 75% exterior log siding application. Harv and his crew have proven to be a major asset in the coordination and installation of the log siding. I would highly recommend their services in the future.

If you would like any more information about Harv and his crew, please don't hesitate to contact us. My cell phone is 435-640-3334 and the office phone is 435-649-0517.

Sincerely,

Clint Magee
General contractor
